## programs

## summaries and contacts

### Programs available to all producers

IGP Specialty tailors insurance programs for niche markets on behalf of clients, brokers, and agents. Our model leverages decades of industry expertise in very specific business segments, experienced program underwriters, top-notch client service associates, and cost-effective insurance solutions. With more than two dozen industry-specific programs, we meet diverse client and industry needs often not provided by other brokers.

#### ■ BUILDER'S RISK

Commercial and residential property coverage for new ground-up projects during the course of construction, for all construction and protection classes, nationwide. Coverage options include CAT coverage, with quota-share capacity provided on a competitive Builder's Risk Participation Policy.

**Andrew Dahlin**
